INSTRUCTIONS FOR ORDERING

Dimensions and descriptions are indicated in the master brochure and in this price list.

Orders must include:

- a) name **J-435™**
- b) spa code **YV12RU0EWM T**
- c) cover code **903003420**

NOTE: Optional and accessories marked with dedicated codes to be ordered separately are not included or installed on the product.

HINWEISE ZUR BESTELLUNG

Zur Beschreibung und für die Abmessungen, sollte man sich auf den Katalog und die Preisliste beziehen.

Die Bestellungen sollten folgendes beinhalten:

- a) Name **J-435™**
- b) Artikel-Nr. **YV12RU0EWM T**
- c) Wärmeabdeckung-Nr. **903003420**

NOTE: Optional und accessoires, die mit entsprechenden Codes gekennzeichnet sind, die separat bestellt werden müssen, sind nicht im Produkt inbegriffen oder installiert.

DO NOT USE SEA WATER OR WATER WITH ADDED SALT ON ALL HOT TUB AND SWIM SPA MODELS.

ALLE HOT TUB- UND SWIM SPA-MODELLE NICHT MIT MEERWASSER ODER MIT ZUGESETZTEM SALZ VERWENDEN.

Jacuzzi®

SmartTub[®]

NEW! BLE Connection
-Bluetooth Low Energy-
low energy consumption

NEU! BLE-Verbindung
-Bluetooth Low Energy-
geringer Energieverbrauch

SIMPLIFIED HOT TUB OWNERSHIP

The exclusive patented SmartTub[®] system is engineered to maximize your relaxation, recovery, and energysaving potential.

• NEW

Increase safety and savings with Wireless Sensors for monitoring heat coverage, Hot tub fill level and internal condensation

- Stable, secure, cellular connection. Easy setup, no WiFi credential needed
- Updates made seamlessly over the air
- Remote monitoring
- Reminders
- Power outage notification
- Energy usage estimator*
- Personalized use and care content
- Includes 6 months data plan, \$50/yr

• Compatible with Android, iOS, Alexa, iPad, Apple Watch and Google Assistant

Learn more about SmartTub[®] Technology by visiting www.jacuzzi.com

EINFACHER BESITZ VON WHIRLPOOLS

Patentierte und exklusive Technologie, die sich darauf konzentriert, das absolut beste Erlebnis für den Verbraucher zu bieten.

• NEU

Größere Sicherheit und Ersparnis bei der Nutzung des Spas mit den Wireless-Sensoren für die Kontrolle von Thermodecke, Füllstand und interner Kondensatbildung

- Stabile, sichere und Mobilfunkverbindung. Einfache Einrichtung, keine WiFi-Anmeldung erforderlich
- Nahtlose Updates über das Internet
- System lernt nutzungs basiert
- Enthält einen 1-Jahres-Datenplan, 50 USD/Jahr nach dem Kauf
- Fernüberwachung und Alarme
- Erinnerungen
- Benachrichtigung bei Stromausfall
- Energieverbrauchskalkulator**
- Personalisierte Nutzungs- und Pflegeinhalte

• Kompatibel mit Android, iOS, Alexa, iPad, Apple Watch und Google Assistant

Erfahren Sie mehr über die SmartTub[®] Technology unter www.jacuzzi.com

SmartTub[®] system uses cellular-based communication and requires cell service from our provider partner in your area. See website for details.

* Estimates are based on sensor readings and are not meant to match your utility measurements, see your local utility company for specifics.

Das SmartTub[®]-System nutzt Mobilfunkkommunikation und benötigt einen Mobilfunkdienst unseres Provider-Partners in Ihrer Nähe. Einzelheiten dazu finden Sie auf der Website.

** Erfordert ein Abonnement ab dem zweiten Jahr des Besitzes.

Please, be seated

Decades of expertise drive the Jacuzzi® Hot Tub design process to deliver personalized comfort. The collection of seats in every Jacuzzi® Hot Tub facilitates full-body hydromassage while balancing the flow to each seat for the best experience.

Seats are complemented by jets on the calves and in the foot dome to lift the weight of the day. Smooth surfaces and soft sculpting make it easy to move freely to enjoy all of the seats. Every Jacuzzi® Hot Tub is expertly engineered to nurture your well-being to the core.

FX Therapy Seat

Full Coverage Neck, Shoulder and Back Relief

A collection of 10 to 12 FX Jets deliver a stimulating, spiral-action deep tissue massage to relieve aches from the neck and shoulders through the entire back. Pressure is adjustable for a personalized massage. The J-300™ models feature the Hydrosoothe™ neck-massaging headrest.

MX Therapy Seat

The Original in Low-Back Relief

Ease into this deeply contoured seat to release tension in the lower back with a high-volume, low-pressure massage. Maximized air output delivers a soothing deep tissue massage. Paired with neck jets for a fully relaxing experience.

Foot Dome

Overall Tension Relief

A targeted reflexology massage increases energy, boosts circulation and stimulates nerve function throughout the body. This tension-relieving action induces a deep state of relaxation while keeping you in the perfect position.

RX Therapy Seat

Comforting Back and Shoulder Relief

A ring of spinning RX Jets targets key back and shoulder muscles, drawing on the highest performance hydromassage from the Jacuzzi® Brand to soothe stiff muscles and release tension. Neck jets complement the massage for extra relief.

ProAir™ Lounge

Full-Body Relief

Designed to distribute body weight evenly for a comprehensive massage. The ProAir™ Lounge eases tension in the shoulders and back by combining FX and FX-R rotational jets along the center of the back. Exclusive BX Jets target the calves with an invigorating, bubbly massage and FX Jets penetrate the muscles of the feet with therapeutic relief.

Jacuzzi®

IR

Infrared technology: a new frontier in wellness

Jacuzzi® is the first and only brand to offer Infrared and Red Light technology across a range of wellness products, from Hot Tubs to Swim Spas. Premiering in the J-400™, J-LX® and optional on the models of the J-300™ Collection, the FX-IR Seat combines Infrared and Red Light technology with hydromassage for unmatched rejuvenation.

The therapeutic benefits of hydrotherapy

—
The regeneration power of Infrared and Red Light

—
The regenerative qualities of Infrared and Red Light

—
All working together deep beneath the skin's surface

Infrarot-Technologie: Die Wellness hat ein neues Niveau erreicht

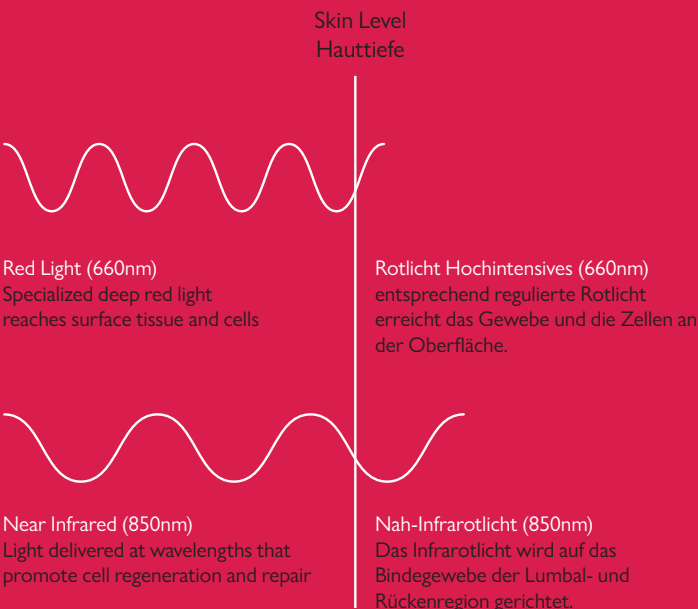

Jacuzzi® hat als erster und bisher einziger Hersteller die Infrarot-Technologie in Wellness-Produkte vom Hot Tub bis zum Swim Spa integriert. Der erstmals mit den Kollektionen J-400™, J-LX® und optional bei den Modellen der J-300™ präsentierte Sitz FX-IR vereint Hydromassage mit Infrarot-Technologie und erzeugt so eine unübertreffliche, verjüngende Wirkung.

—
Die wohltuende Wirkung der Hydrotherapie

—
Die kräftigende Wirkung der Infrarotstrahlen

—
Die regenerierende Wirkung der Infrarot-Technologie

—
Kombinierte Tiefenwirkung bis unter die Haut

Rejuvenation Meets Relaxation
The rejuvenating powers of Infrared and Red Light technology work together deep beneath the skin's surface to relieve pain, improve range of motion, and reach a state of mindfulness.

Effortless
Only Jacuzzi® offers the joys and benefits of hydrotherapy, Infrared and Red Light technology, effortlessly ready when you are.

Peace of Mind
You can be confident using IR and Red Light technology to enhance your relaxation.

Energie und Entspannung
Die stärkenden Eigenschaften der Infrarot-Technologie wirken gemeinsam unter der Oberfläche und in den tieferen Schichten der Haut. Das lindert Schmerzen, verbessert die Beweglichkeit und trägt dazu bei, wieder in Einklang mit sich selbst zu kommen.

Einfach
Nur Jacuzzi® bietet den Genuss einer wohltuenden Hydrotherapie und der Infrarot-Technologie jederzeit und auf überraschend einfache Weise.

Entspannend
Die Infrarot-Technologie steigert die Entspannung und bietet vollkommene Sicherheit.

A high-angle photograph of a wooden deck. In the upper left, a portion of a brown patio umbrella is visible. Below it, a curved wooden bench made of slats is positioned. The deck is made of light-colored wooden planks. A large, dark shadow of a palm tree is cast across the deck from the right side. In the bottom left corner, there is a blurred green plant.

DESIGN

INSTRUCTIONS FOR ORDERING

Dimensions and descriptions are indicated in the master brochure and in this price list.

Orders must include:

- a) name **VIRTUS**
- b) spa code **VIRQ1023354**
- c) cover code **903002472**

NOTE: Optional and accessories marked with dedicated codes to be ordered separately are not included or installed on the product.

HINWEISE ZUR BESTELLUNG

Zur Beschreibung und für die Abmessungen, sollte man sich auf den Katalog und die Preisliste beziehen.

Die Bestellungen sollten folgendes beinhalten:

- a) Name **VIRTUS**
- b) Artikel-Nr. **VIRQ1023354**
- c) Wärmeabdeckung-Nr. **903002472**

NOTE: Optional und accessoires, die mit entsprechenden Codes gekennzeichnet sind, die separat bestellt werden müssen, sind nicht im Produkt inbegriffen oder installiert.

DO NOT USE SEA WATER OR WATER WITH ADDED SALT ON ALL HOT TUB AND SWIM SPA MODELS.

ALLE HOT TUB- UND SWIM SPA-MODELLE NICHT MIT MEERWASSER ODER MIT ZUGESETZTEM SALZ VERWENDEN.

Jacuzzi®

PROFFES

A photograph of a white hot tub on a stone patio. The hot tub is in the foreground, filled with blue water. To its right is a patterned outdoor sofa. In the background, there is a sandy beach and the ocean under a clear sky. A wooden post is visible on the right side of the frame. Two white ceramic containers with handles are on the patio near the hot tub.

VIRTUS PRO

ALIMIA PRO

Golfo dei poeti Relais & Spa, Italia

A modern outdoor deck with a Jacuzzi hot tub, a sofa, and a view of a landscape at dusk. The hot tub is illuminated with blue and red lights. The deck is made of dark wood planks and has a pattern of light-colored tiles. In the background, there is a green landscape and a sunset sky.

Art. 1 General provisions

1.1. The current general terms, except for any exceptions specifically agreed in writing, enforce all current and future sales contracts between parties, even in the absence of an express reference.

Art. 2 Formation and purpose of the contract

2.1. Jacuzzi Europe S.p.A. is committed to each order only after its acceptance in writing. Acceptance of the order by Jacuzzi Europe S.p.A. can also lead to its execution.

Art. 3 Delivery

3.1. Except for other written agreement, delivery is "Ex-works" Valvasone (Pn) – Italy. If the purchaser (retailer) does not provide for collection of goods, Jacuzzi Europe S.p.A. will have the right to entrust a reliable carrier with transport. In the event of non-collection the purchaser (retailer) will be bound to pay stock expenses.

3.2. The delivery terms agreed are indicative. In the event of delays, the purchaser (retailer), therefore, will not be able to forward any claim for compensation for damages.

Art. 4 Packaging

4.1. The packaging of appliances conforms to international transport norms carried out by land using motor vehicles. Non-standard packaging will entail an extra charge and will be agreed at the time of order.

Art. 5 Cancellation of orders

5.1. The purchaser's (retailer's) order constitutes a firm purchasing proposal. No order can be cancelled without the written consent of Jacuzzi Europe S.p.A. In the event of cancellation of orders, Jacuzzi Europe S.p.A. also reserves the right to demand compensation for damages.

Art. 6 Design – Technical data

6.1. Jacuzzi Europe S.p.A. reserves the right to stop, without warning, the manufacture of any model and to alter models during production, with no obligation to carry out the same modifications to previously sold products.

6.2. The data and features in the Jacuzzi Europe S.p.A. technical and publicity documentation (catalogues, handbooks, publicity brochures, illustrations, price lists) are subject to modifications and are not binding.

6.3 All costs and charges for the translation of the instructions manuals into the official language of the country of use of the products, shall be borne by the purchaser (retailer), who shall be solely responsible for the conformity of the translation with the original text provided by Jacuzzi Europe S.p.A.

6.4 The products supplied to the purchaser (retailer) are manufactured and marketed in accordance with the regulations in force in the EU as stated in the product declarations. The purchaser (retailer) is the sole responsible of the compliance with all applicable laws, standards and codes of the products imported in the purchaser's (retailer's) country.

Art. 7 Prices

7.1. Prices, excluding VAT, are those stated on the price lists in force at the time of ordering and refer to goods with delivery "Ex- works" Valvasone (Pn) – Italy, unless otherwise agreed.

7.2. Prices, quotations and discounts are subject to variation without the obligation of forewarning on the part of Jacuzzi Europe S.p.A.

7.3. All orders received after modification of price lists, as well as planned consignments after thirty days from notification of the variation, are subject to the new prices.

Art. 8 Payment

8.1. Payment of goods is considered validly made only when Jacuzzi Europe S.p.A. has been credited with the relative amounts.

8.2. Any delay or irregularity in payment gives Jacuzzi Europe S.p.A. the right to suspend supplies or to annul current contracts, even if they do not pertain to the payments in question, and also the right to compensation for any damage (including that related to currency devaluation). Jacuzzi Europe S.p.A. has the right in each case – starting from the expiry date of payment, without the need of a default action – to legal interest, which will be increased by 5 (five) points.

8.3. The purchaser (retailer) is bound to full payment also in the event of dispute or controversy. Compensation with possible credit claims from Jacuzzi Europe S.p.A. is not permitted without written authorization.

8.4. In the event of non-payment, even if only partial, Jacuzzi Europe S.p.A. has the right – at its discretion – to demand from the purchaser (retailer) payment of the full sum stated in the contract or to declare the contract null and void, with the right to obtain the return of the delivered goods and to withhold, as compensation for damages, the amounts collected up to that moment, except for any other action for greater damage.

Art. 9 Property reservation

9.1. In the event that full or part payment must be made after delivery, the delivered products remain the property of Jacuzzi Europe S.p.A. until the moment of full payment of the price, according to the provisions of art. 1523 of the Civil Code.

9.2. As provided by the aforesaid property reservation, Jacuzzi Europe S.p.A. will have the right to proceed with the collection of any unpaid goods; in which case all related costs will be at the expense of the purchaser (retailer) and Jacuzzi Europe S.p.A. will be able to withhold any amounts already collected as compensation for damage. If the purchaser (retailer) has resold the goods to third parties, the rights laid claim to by Jacuzzi Europe S.p.A., as provided in the present clause, will refer to the price obtained from the sale of the same goods.

Art. 10 Circumstances beyond control and excessive onerousness

10.1. Events constituting cases of exemption from responsibility are fires, collapse, floods, non-delivery of supplies, transport difficulties, strikes, closures or other events due to circumstances beyond control, which impede or considerably reduce production by Jacuzzi Europe S.p.A. or its suppliers, or seriously hinder transport of the sold goods. Annulment of the contract and also the provision of other solutions that are different from the claim for compensation for damages, are only permitted for impediments that continue for at least 60 days.

10.2. If the fulfillment of obligations, before their execution, by Jacuzzi Europe S.p.A. is considered excessively onerous, for any unexpected reason by a trader with normal experience in this sector – with regard to the original agreement thus altering the ratio itself by 20% or more – Jacuzzi Europe S.p.A. will be able to request a review of contractual terms or, in the event of non-agreement, declare the contract null and void.

Art. 11 Claims

11.1. The purchaser (retailer) is bound to declare any damage to the product, or non-conformity in delivery that could be discovered when in possession of the goods, in specific detail in writing otherwise the claim will be null and void. This must be within and no more than 8 days from the time the goods were made available.

11.2. Any defects in conformity that are not identified following a check of the goods as in paragraph 11.1 must be declared by the purchaser, or will be null and void, not later than the time provided by law. This starts from the moment the goods themselves were made available to the purchaser.

Art. 12 Warranty

12.1. In accordance with the contents of its Conventional Warranty Conditions, Jacuzzi Europe S.p.A. guarantees, all "Jacuzzi™" branded products or those marketed by Jacuzzi Europe S.p.A. through the network of Jacuzzi® branded distributors (hereafter the "Products") purchased, installed and used within the countries of the European Union for domestic purposes, unrelated to the business/professional activity carried out by the consumer, against conformity defects.

The Conventional Warranty applies only in the European Union country in which the purchase of the Products by the retailer is made (hereinafter the "Country of Purchase"). Products installed in a country other than the country of purchase are not covered by the Conventional Warranty.

For products purchased or used outside the European Union, the burden of the warranty and the consequent interventions necessary to eliminate any lack of conformity of the equipment will be at the full and exclusive expense of the purchaser (retailer), that shall therefore set up its own technical assistance organisation, unless otherwise agreed in writing with Jacuzzi Europe S.p.A.

Moreover, the Conventional Warranty does not apply if the regulations of the country of purchase require the Products also, to comply with different and/or more restrictive regulatory requirements than those prescribed by EU regulations and can be applied only on condition that Jacuzzi Europe S.p.A. has an authorised technical service centre in the "Country of purchase".

The warranty, which starts from the date of delivery of the product to the end user, is intended to be valid only upon payment of the total price of the equipment, provided that the intervention is carried out by Jacuzzi Europe S.p.A. authorised technicians and is valid for a period of: a) twelve (12) months, for products exhibited in commercial premises, trade fairs, showrooms or other commercial/promotional events, with the exception of damage caused directly and/or indirectly to the product by its prolonged exposure or by its transportation/dismantling/reassembly from one place of exhibition to another; b) twenty-four (24) months, for products other than those indicated in paragraph a). This warranty does not cover products the production of which has been discontinued for longer than twenty-four (24) months or which have become obsolete, meaning products from Jacuzzi Europe S.p.A. purchased more than sixty (60) months after the date of manufacture. Jacuzzi Europe S.p.A. reserves the right to verify whether the product is covered by this warranty.

12.2. The warranty is only valid if the installation and connection of the product to the electricity and water networks were performed by meticulously following the instructions and provisions contained in the Jacuzzi Europe S.p.A. user instruction manual and/or other equivalent documentation which includes product installation, usage and maintenance instructions, (hereinafter, "Jacuzzi Documentation"). If the product is located in sites which are difficult to reach on ordinary roads (e.g. in mountain areas or on minor islands), or if it was installed in a site which is not easily accessible and/or was installed in combination with premium materials, all costs (labour and material costs, including disassembly/reassembly, removal and relocation of the product and its components) shall be borne entirely by the purchaser (retailer), where responsible, or by the consumer; in no case shall Jacuzzi Europe S.p.A. be liable for such additional costs. The warranty expires if the product components or other parts are modified with respect to their original supply conditions.

12.3. The equipment shall not be replaced, either totally or partially (with the same product or with another product having similar characteristics) if this is objectively impossible or excessively expensive compared to the repair, or if it involves unreasonable expenses for Jacuzzi Europe S.p.A. compared to its repair, taking into account the value that the product would have if it were free from manufacturing defect, the extent of the defect, the possibility that the alternative remedy can be implemented without significant inconvenience to the end user. If during the period of validity of this warranty, the authorised technical personnel of Jacuzzi Europe S.p.A. ascertains a manufacturing defect of the product existing at the time of delivery and Jacuzzi Europe S.p.A. authorises return in advance, the latter will refund the buyer (retailer) the price of the product, as indicated in the sales invoice issued to the latter by Jacuzzi Europe S.p.A.

12.4. The warranty applies exclusively to non-conformities deriving from causes not attributable to Jacuzzi Europe S.p.A., such as, for example: incorrect periodic product maintenance and/or lack of diligence in performing the same; improper use of the product or which does not conform to the instructions in the Jacuzzi Documentation or which are in violation of the technical and/or safety measures required in the country of use, the laws, regulations and customs applicable therein; wrong and/or incorrect connection and/or setting of the product parameters; use of non-original spare parts; transport damages not reported within the legal terms or caused by transporters not authorised by Jacuzzi Europe S.p.A.; inefficiencies or anomalies of electrical or water systems; malfunctioning due to interference, bad or no reception of radio-frequency signals; malfunctioning of the product or parts of it caused by the use of different temperatures or pressures from those detailed in the Jacuzzi Documentation; anomalies of any kind not attributable to product manufacturing defects.

12.5. During the period of validity of this warranty, the network of Jacuzzi Europe S.p.A. Service Centres is authorised by the purchaser (retailer) to provide the warranty to the end user, even if the request is received from the user directly or via an intermediary. It is however understood that the purchaser (retailer) is directly responsible towards the end user for ascertained lack of product conformity, as required by law. The warranty is void if the end user or a delegate thereof does not allow the authorised Jacuzzi Europe S.p.A. technical personnel to perform any reasonable conformity and/or functional verification of the product, or if the products replaced under warranty are not returned to Jacuzzi Europe S.p.A.

12.6. The following are also not covered by the warranty: damages due to non-use of the product; loss of profits and damages of any kind, indirect and consequential; damages caused by the use of non-original Jacuzzi Europe S.p.A. accessories, consumables and parts subject to normal wear and usage due to the use or non-use of the product; damages caused by exceptional atmospheric phenomena or, nonetheless, not due to the normal product functioning; damages caused by water type or impurities in the water or from use of unsuitable and/or non-compliant with the requirements of the Jacuzzi Documentation.

12.7. Performance in accordance with the obligations under this warranty does not extend the original warranty period. In any case, this is without prejudice to the mandatory legal rights of the end user (consumer). This warranty cannot be suspended or prolonged as a result of non-use of the product. Jacuzzi Europe S.p.A. declines all liability for any damage that may be caused, directly or indirectly, to people, properties and animals, due to the failure to comply with all the instructions given in the Jacuzzi Documentation and if the regulations of the country of purchase require that the Products must comply with different and/or more restrictive regulatory requirements than those prescribed by the EU regulations as per point 12.1.

12.8. Under penalty of forfeiture of this warranty, the buyer (reseller) is not allowed to store the products for more than twenty-four (24) months from the date of delivery of the product to the latter. Jacuzzi Europe S.p.A. reserves the right to exercise the right of recourse against the purchaser (retailer) for any services due and made under warranty to the end user on such equipment, with full charge of any and all charges relating thereto.

Art. 13 Return of goods

13.1. The return of any materials must be previously authorized by Jacuzzi Europe S.p.A. in writing. Only products with their original packaging can be returned which have not yet been used, and whose model is still being produced and that were delivered not more than 12 months ago.

13.2. Products, which are not in the catalogue, that have been made according to specifications from the purchaser (retailer) will not be returned.

13.3. The cost of returning goods, to be borne by the purchaser (retailer) who will be charged for re-storage, will be a sum not exceeding 25% of the value of the returned goods.

Art. 14 Ethical Code – Model 231

14.1. In application of the provisions contained in Legislative Decree 231/2001 regarding the administrative liability Jacuzzi has adopted the Organization, Management and Control Model (hereinafter, "Model 231"). The Model 231 intends to formalize the principles, rules and procedures applied by Jacuzzi Europe S.p.A. in order to prevent illegal conduct from Directors, employees and third parties in the performance of their respective activities.

The general part of Model 231 and the Jacuzzi Ethics Code can be consulted on the website <https://www.jacuzzi.com/it-it/>. Considering the above, the purchaser (retailer) accepts to ensure that its directors, employees and / or consultants do not commit any of the offenses provided in Legislative Decree 231/2001 and to respect the provisions contained in the Code of Ethics and in the 231 Model. The purchaser (retailer) expressly acknowledges that the non-compliance or incorrect compliance with the obligations provided for by him under this provision, constitutes serious and inexcusable non-fulfillment, with the consequence that, upon the occurrence of this hypothesis, Jacuzzi Europe S.p.A. will have the right to terminate the contractual relationship due to the fact and fault of the purchaser (retailer). Furthermore, the purchaser (retailer) agrees to promptly inform Jacuzzi in writing, to the attention of the Supervisory Board (odv@jacuzzi.eu), of any violation of Legislative Decree 231/2001, in the context the execution of the negotiation relationship, which may, even if only potentially, imply the involvement of Jacuzzi Europe S.p.A.

Art. 15 Interpretation – Modifications

15.1. Any reference to Jacuzzi Europe S.p.A. price lists, general terms or other materials refers to the documents in force at the time of the same reference, unless otherwise specified.

15.2. Except for cases provided for under the current general terms, any modification carried out by parties to the contracts to which the current general terms apply must be in writing, or will be null and void. The exception to one or more provisions of the current general terms must not be interpreted extensively, or by analogy, and does not mean the general terms, as a whole, will cease to apply.

Art. 16 Controversies

16.1. For any controversy related, or connected, to the contracts to which the current terms are applied the Court of Pordenone has exclusive jurisdiction, also in the event of payment being agreed by means of bills of exchange.
